Subject: Application for the post of a web developer

Sir,

I hope this email finds you well. My name is Ashequr, and I am writing to express my keen interest in the Junior Web Developer position at X Limited, as advertised on the ABC platform.

I recently completed my B.Sc. in Mathematics and am eager to contribute my skills to a dynamic team such as yours. Through my coursework and personal projects, I have gained proficiency in React Js, Next Js and I am confident in my ability to quickly adapt to new challenges.

I am impressed by X Limited's commitment to innovation, and I am excited about the prospect of contributing to your team. I have attached my resume for your consideration.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills align with the needs of X Limited.

Best Regards,

Sheikh Ashequr Rahman
